IN THE BOX

1 x Moonwake Turn

94 x 40 x 68 mm

TURN THE HORIZON

Ship to moonlit whale in one exact quarter-turn.

1 STAND

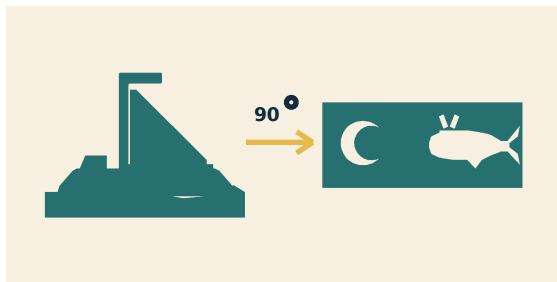

Set the broad ship face on a level desk, away from the edge. Face the ship square-on.

2 TURN

Lift with two hands. Roll the whole piece exactly 90 degrees onto its other broad face.

3 FIND

Step back and look square through the openings toward a bright, plain background. Find the crescent, leaping whale, and twin upward jets.

NOT QUITE SEEING IT?

Move your eyes until the openings align.

Use a plain contrasting background.

The paired upward jets mark the whale.

CARE + SAFETY

Ages 14+. Handle with two hands; lift, turn, and set down gently.

Keep on a stable surface away from edges and heat. Dust with a soft dry cloth.

RESET

Lift + turn 90 back to the ship face.
