FUNCTION GUIDE

(1) Backrest tilt handle

Top View

(2) Seat position handle

Seat height handle (3)

(1) Backrest Tilt

Flip this handle down to unlock the backrest tilt. Lean back to your desired angle, then flip the handle up to lock.

(2) Seat Position

Push this handle up to move the seat pan forward or backward. Release the handle to lock the seat in place.

(3) Seat Height

Pull this handle up to raise or lower the seat. Release the handle when you're at preferred height to lock.
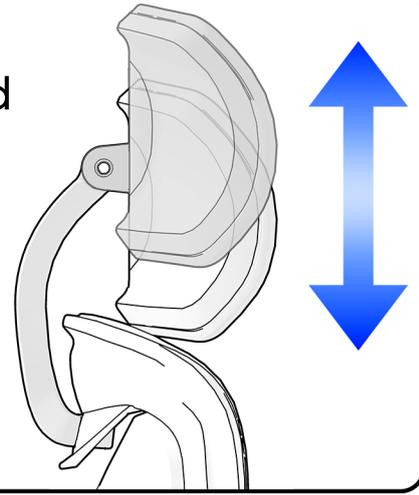

HEADREST & ARMREST ADJUSTMENT
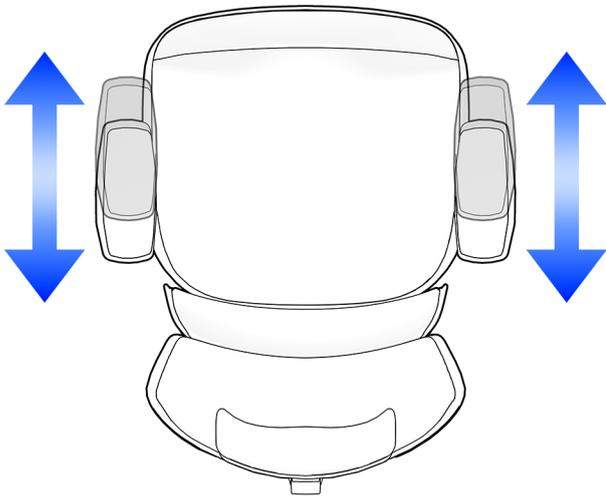

Headrest Adjustment
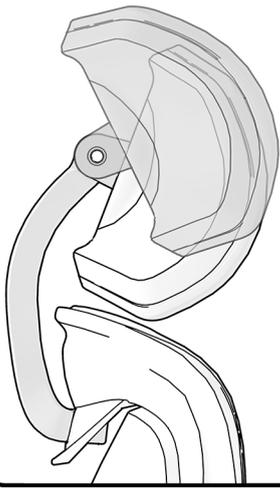

**Headrest tilt** - push forward or pull back to set your preferred angle

Headrest height – lift up or press down to adjust position
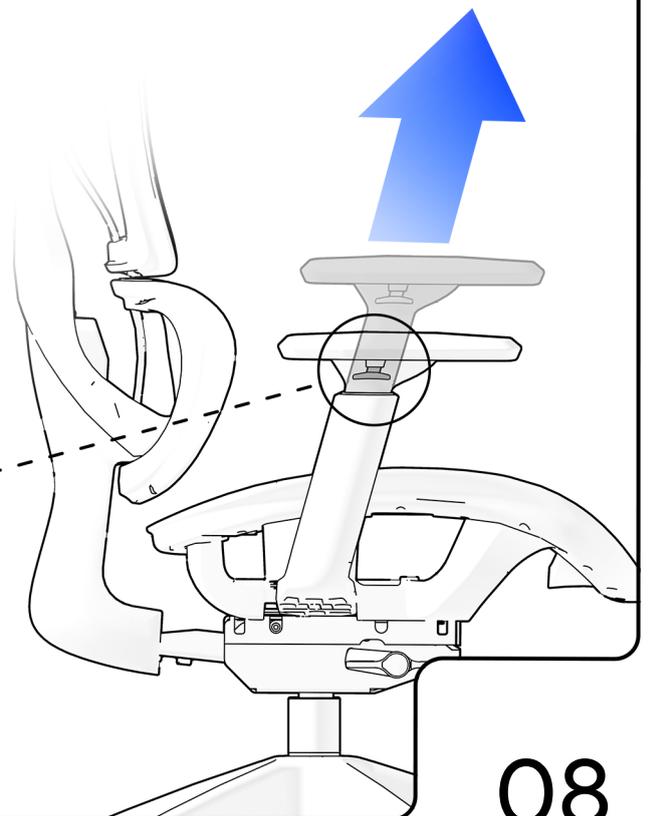

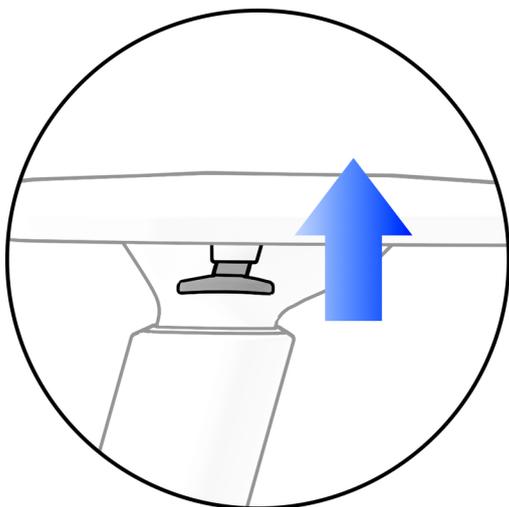

Armrest Adjustment

Move forward or backward

Rotate inward or outward

Press the **Tab** under the **Armrest** to raise or lower height
