## Step 1

Insert 5 Wheels to the holes on each prong of chair Base.

## Step 2

For full-option MyoChair, please follow Step 4 and Step 5 to install the leg rest before tightening the mechanism to the seat. Otherwise, please skip these two steps if you own a basic MyoChair.

## Step 3

## Step 4

Screws pre-installed on the leg rest.

## Step 5

The R screws are ready on the leg rest. Slot the base of the leg rest through the support bracket, and tighten the screws into place.

## Step 6

Prepare the combo of Q + N + L. Tighten the combo into the metal bar and the seat bottom.

## Step 7

Prepare the combo of P + N + L. Tighten another two screws remaining in the metal bar.

## Step 8

Prepare the combo of O + M + K. Tighten three O screws, connect the metal bar with the base of the backrest.

## Step 9

For full-option MyoChair, please follow Step 9 to install the headrest to back-rest.

The screws are ready on the headrest.  
Tighten the screws when it is in position.

## Step 10

From the top, lift down slightly the seat into the base, connect by the center hole.

*Congratulations! You've done the assembly. Enjoy your MyoChair now.*
