

About
 λ utonomous

OUR STORY & MISSION

One of America's leading providers of ergonomic office furniture & office tools, Autonomous carries a curated selection of products engineered to make life better. Covering a full range of categories from Work, ADUs, Health & Fitness, Gaming, Home, Travel & more.

From a small apartment in NYC to over 60 locations around the world. Our team of entrepreneurs, innovators & risk takers help the world, change the world. Behind our desks, people are reimagining whole industries - giving life to AI, developing new medicines, designing robots & exploring outer space. NASA, Singularity, Harvard, Uber, Orbital Insights, Dell Computers & Deep Map are just a few of our clients who use, love & trust utonomous products.

About free workspace consultancy of Autonomous

Whether you're looking to set up an office for 5 items and above, or a workplace for a team of 5000, Autonomous is an easy A-to-Z solution for any size & type of organization. From complimentary design consultation - Product recommendations specific to your business needs - Delivery & installation. The team at Autonomous can help revamp any office into a workspace that inspires creativity, better focus, & improved health & wellbeing across your teams.

How do we do this?

After providing us with an idea of your needs & expectations, our team of designers will get started on your free consultation. Within 5 business days, we'll present a 3D design proposal with an optimized layout of your space. We'll also provide product suggestions & estimated set up costs tailored to the specific needs of you & your teams.

No hidden costs. No obligations.

OFFICE STYLE SUGGESTIONS

For every space, every style, & every team.
Take a look at how Autonomous products can
completely change your workplace.

The Startup
