INTRODUCING AUTONOMOUS

Autonomous is a global brand renowned for innovation in the workplace. With tech giants such as Alphabet, Apple, and Microsoft - among others - using its products, there's little question that Autonomous is a market leader in delivering advanced, high-quality office equipment.

This press kit will give you everything you need to know about our brand & products. Please don't hesitate to get in touch with us if you have any enquiries.

The logo for Autonomous, featuring a stylized Greek letter lambda (λ) followed by the word "utonomous" in a lowercase, sans-serif font.

OUR STORY

Our mission is to help smart people work smarter.

From a small apartment in NYC to 60 locations around the world: The Autonomous story began in September 2015, when we shipped the first SmartDesk to our Kickstarter customer. Since then, we have been dedicated to helping people work smarter.

That SmartDesk is now helping more than 130,000 customers globally be healthier, happier and more productive - kick starting our journey into revolutionizing the workplace.

From our startup beginnings, Autonomous has become a trusted and established supplier of advanced office equipment to some of the world's biggest companies such as Alphabet, Apple, Microsoft - among others. And we're still innovating.

Behind our desks, people are reimagining whole industries, giving life to AI, developing new medicines, designing robots and even exploring outer space - NASA, Singularity, Harvard, Uber, Orbital Insights, Dell Computers and Deep Map, just to name a few.

Autonomous makes workplace of the future an everyday reality for people who are changing the world. Join the #worksmarter revolution.

AUTONOMOUS BULK ORDER

Engineered to boost team performance

Our Bulk Order deal is the perfect solution for businesses and teams looking to reboot their workplace or move into a new office space.

Not only do we offer a wide range of high-quality smart office products at affordable prices with huge discounts and free gifts, we also provide exceptional supporting services to ensure a seamless experience, including dedicated customer support & assembly option, as well as our unique Complementary Office Design Service.

AUTONOMOUS BULK ORDER BENEFITS

●

Start with just 2 items: Business customers can qualify for a bulk purchase on our website from just 2 items (for vendor products) and 3 items (for Autonomous products).

●

Assembly service: We also offer an assembly service for bulk orders from 10 items or above, making it even more convenient for our customers*.

●

Flexible shipping: Customers can choose the specific delivery date at their convenience. And we'll ship the products when they need.

●

Always in-stock: our Bulk Order deal ensures that our range of high-quality smart office products are always in-stock. Our customers can avoid costly stockouts and keep their office running smoothly by ordering in bulk.

●

Free gifts: Depending on the products, customers will receive a free gift with each product purchased on their bulk order.

●

Complementary Office Design Service : Our team will create a bespoke, full-color, 3D design of your office within 5 working days once you submit your dimensions, images, and preferred style. You'll also receive a suggested product list to take the stress out of setting up your office. [More info here](#)

*: Currently, our assembly service is available in California only, and applicable with Autonomous Smartdesks & ErgoChairs

WHAT TECH EXPERTS SAY ABOUT US

Stanislawa Kutypov
Software Engineer

"I can only say positive things about Autonomous ErgoChair Plus. It's comfortable, adjustable, looks good & doesn't take a lot of space. I also got special wheels so it doesn't scratch the parquet. I love it!"

"My favourite feature of the Autonomous Smartdesk Pro is definitely the programmable buttons. I've set one mode at my ideal seating height and another at the ideal height for when I want to stand and work. You can set up to 4 modes on it. I'm really looking forward to working with this desk this year."

Panayiotis Georgiou
Web Developer

Konstantinos Panteli
Web Developer

"In a sentence, 'Excellent materials & perfectly designed'.

After a week of use, the Autonomous SmartDesk Pro appears to be incredibly durable, with top-tier materials used in its manufacture. It can lift up to 120kg of weight with ease."

Autonomous

MEDIA PARTNER PRIVILEGES

Collaborative Benefits

At Autonomous we are committed to making it as easy as possible for media organizations to review our products. We will make our best products available to you on request, in exchange for coverage.

And the best bit? You get to keep them, or even request more!

Affiliate Earnings

Join our Affiliate community with 1000+ publishers and increase your income.

We partner with Rakuten Advertising** - a global affiliate platform - to help us manage the program. If you're interested in our affiliate program, you can create a publisher account on Rakuten Advertising and apply for our program.

Early Access

At Autonomous we never stop innovating on our products and services. And we ensure that our media partners (who already promoted our brands and products before) will be the first to hand on our latest products.

We also have a dedicated PR team to provide you with all the information and materials to support a smooth collaboration.

** Our Merchant ID on Rakuten is 42643

WE LOVE SHARING OUR STORIES...

We love all forms of storytelling. We love seeing how real users incorporate our products into their daily lives. We love hearing and reading about what users like about our products, as well as where they feel our products can improve. We're always excited to receive content partnership inquiries from publishers and media partners and encourage you to reach out to us.

Feel free to reach out to us:

- Submit your request via our [Press Feature Collaboration Request form](#) or
- Contact our PR Team directly:
 - PR/Influencer Marketing Specialist: **Alison** (Ms):
alison@autonomous.nyc
 - Partnership/Affiliate Marketing Lead: **Quan Tran** (Mr):
